### UPHOLSTERY & TRIM

Leather seat trim<sup>4</sup>

1. Specifications and features are indicative only and subject to change. Final Australian specifications will be confirmed at launch. 2. The published consumption (l/100km) and emissions figures are determined in accordance to ADR 81/02. Actual figures will vary as they are dependent on many factors, including without limitation: individual driving style, road and traffic conditions, environmental conditions and fuel quality. Extra features and accessories (eg: equipment, wheels or tyres used etc.) can change relevant vehicle parameters such as weight, rolling resistance and aerodynamics and can also affect the consumption, emission, and performance values of a vehicle. Generally, consumption and emissions will vary from the published figures in real world Australian driving conditions. 3. Compatible Apple® or Android™ device required. 4. Leather appointed seats are a combination of genuine leather & synthetic materials for durability and are not wholly leather. 5. Optional extra at an additional cost.
